

## Real Blonde Stories

Lori Bassel is a testament to the old cliché, blondes have more fun. In her collection of lighthearted essays, Bassel, a former Naples, Florida, bartender, pokes fun at her real-life experiences and shares many of the same stories she entertained her loyal customers with during her stints at local clubs. Bassel begins by narrating her hilarious adventures from high school-a time when she and her best friend, Lisa, reveled in tormenting lovers at a local midwestern park. With steamed-over windows, the lovers never saw the girls coming as they hopped on the trunk, dashed over the top of the car, and down the hood-most likely scaring the couples in the car half to death. From the time she spray painted her boyfriends old Chevy (without his permission) to the time she ran out of gas and had the entire cheerleading squad, dressed in uniform, pushing her truck down North US 41, Bassel shares one laugh-out-loud story after another. Real Blonde Stories is a delightful collection of one woman's blonde moments in life, teaching both men and women to find the humor in every day moments.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which  
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer  
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of  
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for  
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to  
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before  
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
