

The Vampire Next Door

Courtney Banks owns a failing book store, and her relationship with her girlfriend Mia is falling apart. Courtney doesn't even think she believes in love...that is, until she meets the vampire next door. Valeria Lare Maille is a gorgeous scientist working on cutting-edge genetics. She also just happens to be a vampire, and Courtney's new neighbor. Sparks fly from the very first moment Courtney and Lare meet, and their attraction is undeniable. But in a world where vampires have just come out of hiding, tensions between humans and vampires are running high. When Lare's co-workers begin to go missing, it looks like foul play may put Lare in danger, too. Will Courtney and Lare have a chance at love, or is the cost of falling for a vampire too high? **THE VAMPIRE NEXT DOOR** is a light-hearted paranormal romance that will take you on a journey you'll never forget. Written by wife-and-wife authors Natalie Vivien (known for her laugh-out-loud contemporary romances) and Bridget Essex (known for her vampires and werewolves in love), **THE VAMPIRE NEXT DOOR** is a marriage of humor, steamy romance and a love story that's out of this world.

Yorkshire unveils record low rate of 0.89% 7 hours ago **LONDON FLATS 0** Yorkshire Building Society has launched a 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
