

## Extreme HR Violations

The keg: Seven sordid offices... The powder: Their depraved hiring practices... The fuse: Applicants willingness to do anything with office supplies... And the white-hot spark was: A horrified human resources department! The blasts that follow will either confirm or explode your ideas about corporate team building! Everyone in this book should be fired. In a collection that reads like an employee handbook written by perverts, seven skilled authors deliver clever tales of behavior highly inappropriate for any workplace. Secretaries willfully file everything in the bottom drawer. Female execs put male assistants to the oral test in overtime. Interns stage pantyless catfights in the break room. IT workers get accidentally trapped between ladies legs under desks. Punishments involve filling out forms in ways you'd never imagine. The ridiculous sex antics by bosses and underlings in these tales of office kink lead readers down shameful career paths, yielding referrals that can only be whispered by the most depraved recruiters. There's a ton of chemistry in these stories, and a fun bit of romance too. But make no mistake: These offices are an HR departments nightmare, and that's entirely the point. Breaking News Ongoing skepticism over the impact of brexit suggests that rental growth in prime central London Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
