

## Still Life with June: A Novel

The people in gay bars on Christmas Day are so desperate for basic human contact that theyd go home with a Doc Marten shoe if it made a move, and maybe even if it didnt. So begins the story of Cameron Dodds, a disenfranchised writer who visits gay bars on Christmas and works at a Salvation Army Drug and Alcohol Treatment Center in order to steal the stories of the people he meets there. But when Cameron finds a patient hanged in the utilities closet, his infatuation with other peoples stories becomes an obsession. Assuming the mans identity, Cameron seeks out and forges a relationship with the victims mentally challenged sister, who lives in a home uptown. As Cameron becomes more involved in the womans life, he begins to discover truths that will challenge him to the very core of his existence.

Breaking News Ongoing skepticism over the impact of brexit suggests that rental growth in prime central London Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement."
