

## Love Against All Odds

When Gaynor's God-fearing father drives her childhood sweetheart away, she's certain she will never love again, until a young German helps her to forget her sorrows. Then war is declared, and she must return home, leaving Gaynor heartbroken once more. When her parents discover she's pregnant and insist she cannot keep the child, she runs away to Cardiff, only to find herself penniless and alone in a strange city. She is forced to give birth in a workhouse, but shortly afterwards is taken in by a friendly Spanish family who care for her and little Sara. She quickly falls for the charms of the eldest son, thinking she has finally found love and a chance of happiness at last - until a telegraph arrives to shatter her dreams. . .

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
