

Two Tickets and A Feather: Present Alaska--Future of her Past another Alaskan Mystery

Newlyweds, Doug and Mara Williams, chose to settle in Homer, Alaska, owning both a small home on the bluffs overlooking lower Cook Inlet and a fishing seiner docked among a fleet of other working boats in the picturesque harbor at the end of the Homer Spit. With the warning prophecies of Alaska native elder Joe Michael already faced and resolved in the first book in this series, Feather From a Stranger, the newlyweds undertake their final preparations before they leave for the Sitka herring fishery. Thanks to the amazing sacrifice made for them by Joe Michael, they set out for their first adventure as a married couple in Dougs seiner, the Fire Ring Roamer, no longer fearful of the future of their pastuntil, on her last day of work, Mara receives another mysterious message. With its setting in many Alaska locations, Two Tickets and a Feather is the second in this mystery series and the sequel to Feather from a Stranger.

Breaking News Ongoing skepticism over the impact of brexit suggests that rental growth in prime central London Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
