

Cesspool: A Novel

Cesspool is a tale told by a man frantically transcribing his life in an erratic manner before he takes the life of a prominent talk-show host & himself. Through a last minute journal written by the protagonist we explore his tragic life: the loss of his family, the loss of love, and the world of pornography he was raised in. Cesspool is a book that explores a shattered family; while also looking at American culture at the beginning of the 21st Century--a culture that is filled with talk-shows and over sexualization of a country. Cesspool is told in a way that will have the reader laughing at times and at others disgusted by what is printed on the page; between the strong sexual overtones and harsh language one may find a hidden philosophy between the lines. With quotations from and a strange correlation with Platos Allegory Of The Cave, Cesspool is a novel about exploring truths in our selves all the while living within the darkness of the cave. Cesspool is a slice of modern Americana.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
