

## Catching the Pass (Football Fantasies Book 2)

Jennings Ashby had played football since peewee leagues in elementary school, but a college knee injury shattered his dreams of the NFL until his sister found a new surgery that would give him a chance at reaching for that dream once again. Almost thirty and not having touched a football in nearly a decade, he has a lot of hard work ahead of him if he wants a chance at the big show. Maggie Anders is one of the best rehab therapists around. She's tapped to work with Jennings and agrees to come live in his Dixon, Texas home to administer the intensive training and therapy he needs especially since it'll get her away from the drama her NFL fiancé has created in her life. Running away is much easier than facing the man she wasn't really sure she wanted to marry in the first place. She swears off athletes for good. Then she meets Jennings and she has to rethink that vow. Jennings knows he wants Maggie from the moment she knocks on his door, but he needs to focus on getting ready for the tryout his friend Rhett obtains for him more than he needs to focus on getting Maggie into his bed no matter how tempting the latter sounds.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which  
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer  
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of  
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for  
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to  
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before  
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
