

Third Times The Charm

Forrester Square. Legacies. Lies. Love. July 19, 1983 . . . The Kinards, the Richardses and the Webbers -- Seattles Kennedys. Their compound -- elegant Forrester Square . . . Until the fateful night that tore these families apart. Twenty years later . . . Their children were reunited. Repressed memories and family secrets were about to be revealed. And one person was out to make sure they never remembered . . . Dana Ulrich had succeeded in crossing the tracks to the right side of town. But her business as a wedding planner seemed doomed -- two brides had bolted before they got to the altar. The next nuptials were make-or-break for Dana, and best man Austin Hawke had her near the breaking point. Austin reluctantly agreed to handle his brothers wedding plans. Protocol and lace were alien to the Texas rancher. But he understood Dana -- her fears of losing the business, of being caught out. And if Austin had his way, Dana would be one bride whod make it to the altar.

Breaking News Ongoing skepticism over the impact of brexit suggests that rental growth in prime central London
Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
