

PRESTON FIGHT or THE INSURRECTION OF 1715

The details of Preston Fight, given in the tale, which I have the gratification of inscribing to your name, may be new to you; inasmuch as you may not have seen DOCTOR Hibbert Wares very curious historical collections relative to the great Jacobite movement of 1715, published several years ago by the Chetham Society, from which my materials have been derived. But I am sure you will share my feelings of sympathy with the many gallant Roman Catholic gentlemen, who, from mistaken feelings of loyalty, threw away life and fortune at Preston; and you cannot fail to be struck with admiration at the masterly defence of the town made by Brigadier Mackintosh the real hero of Preston Fight. I hope I may have succeeded in giving you some idea of that valorous Highland commander. Nothing can be better than the description of him given in the old Lancashire ballad:

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
