

Competitive Dialogue in EU Procurement

Competitive dialogue is a procedure introduced into the EU procurement system in 2004 to provide an improved method for awarding complex contracts, such as those for public infrastructure and major IT systems. This book provides a critical examination of the legal rules on this new procedure, focusing in particular on grey areas such as availability of the procedure and the scope for negotiations after final tenders. It considers both the EU-level rules and the way in which those rules have been applied in national systems. The examination draws on extensive evidence of the way in which the procedure has been operated and interpreted across Europe, including from several studies commissioned specifically for this volume. It also includes an extensive chapter co-authored by the volume editors which provides a thorough analysis of the EU-level rules, a comparative reflection on national experiences and significant critical commentary and recommendations.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
