

Fire and Water: A Collaborative Collection of Poetry

Two lifelong poets, sisters, and best friends have fused together to bring you a variety of poems designed to melt the heart and inspire the soul. Separated for a time and coming back together stronger than ever they proudly present, *Fire and Water*. The poems touch upon the earthly and otherworldly cares, delving into the complexities of the soul through the various trials faced through love, heartache, and everything in between. Join them on their journey through the dark and into the light. Travel with them through the gauntlet of poetic life with its obstacles at every turn. Each challenge they faced, however, paved the way for them to step forward with fierce determination and ever present love. Their poetry is mostly free-verse, but touch upon various forms such as the Kyrielle, Harrishma Rhyme, the Italian Sonnet, Etheree, and Twin Etheree.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
