

## Elders: A Novel

A glorious debut that T.C. Boyle calls powerful and deeply moving that follows two young Mormon missionaries in Brazil and their tense, peculiar friendship. Elder McLeod outspoken, surly, a brash American is nearing the end of his mission in Brazil. For nearly two years he has spent his days studying the Bible and the Book of Mormon, knocking on doors, teaching missionary lessons, experimenting on the word. His new partner is Elder Passos, a devout, ambitious Brazilian who found salvation and solace in the church after his mother's early death. The two men are at first suspicious of each other, and their work together is frustrating, fruitless. That changes when a beautiful woman and her husband offer the missionaries a chance to be heard, to put all of their practice to good use, to test the mettle of their faith. But before they can bring the couple to baptism, they must confront their own long-held beliefs and doubts, and the simmering tensions at the heart of their friendship. A novel of unsparing honesty and beauty, *Elders* announces Ryan McIlvain as a writer of enormous talent.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which  
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer  
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of  
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for  
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to  
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before  
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
