

Designed For Perfection (The Designer Chronicles)

Messing with Mother Nature can have unexpected consequences. Having a genius level IQ, model good looks, and supernatural physical traits almost guarantees seventeen-year-old Ronan Callahan a life of success. He's a genetically engineered human, custom designed by scientists and his wealthy parents. But being designed for perfection doesn't guarantee happiness for Ronan. In fact, his superior abilities have left him bored and unchallenged-- until he meets Cat. Cat McCullough is orphaned and left to raise her little sister, Claire, on her own. The last thing she's looking for is romance. In a high school full of girls swooning over Ronan Callahan, she's the only one to see him for who he really is: arrogant and cold; and she's not afraid to call him out on it. Yet still, Cat is the only girl to ever capture Ronan's attention for more than a minute. When Ronan falls for Cat, he falls hard. However, falling in love isn't the only thing he has to worry about. A deadly virus is spreading among the Designers, forcing them to abandon their somewhat normal lives and unite in search of answers but they might not like what they discover.

Breaking News Ongoing skepticism over the impact of Brexit suggests that rental growth in prime central London Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
