

## The Death & Life of an American Dog (Paws & Claws) (Volume 4)

Over the years, the Three Dog Detective Agency has encountered injustice, cruelty and evil in a variety of forms, from gangs of feral cats and dogs to operators of illegal dog fighting rings, from rapacious animal enslavers of innocent household pets to a ferocious beast out of the immemorial past. But nothing prepared them for the vicious dogs of Afghanistan, fanatic soldiers of the mystical Dog at the Well, who departed their homeland on a mission of revenge and murder. Anila, a beautiful but evil Afghan Hound, used her pack to terrorize village dogs and force them to follow the Dog at the Well. In an instant, however, Anila is dishonored and the spiritual life of Afghanistan is threatened by a resurgence of the long-suppressed traditions of First Dog, the legendary being who came out of the darkness to lay by the campfire in primal times, and Anubis, the mythical teacher from ancient Egypt who taught dogs the ways of civilization and now guides them after passing. A quest for the restoration of Anilas honor and a way to reestablish the sovereignty of the Dog of the Well has brought them to Chula Vista, seeking the death of an American dog whom they call Iblis. Wounded and traumatized, frightened and confused, their quarry will be an easy victim for the dogs of Afghanistan. Or he would have been if a plucky Pomeranian had not been out on patrol one day

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which  
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer  
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of  
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for

some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
