

RESTORING HOPE

CELEBRATING THE HUMAN SPIRIT A dazzling duet in a parking lot at dawn, a pair of work gloves forgotten in a tree, a child's toy lost from a car window, an autograph book rescued from an antique store, the search for an estranged father ... these are among the engines that drive this diverse collection of short stories. Writing in a wide variety of voices, Constance Bovier entices the reader into the personal spheres of a host of captivating characters where relationships flourish, languish and strain to the breaking point, where men and women resist change, weather loss and wrestle with love and longings. With a keen eye for emotion and detail, Bovier proves herself a master of the short story genre. Her tales exhibit grace, power and gentle wit as they invite readers to consider questions of faith and the promise of hope implicit in the joys and sorrows of human experience. *** Constance Bovier is the author of two non-fiction inspirational books: *More God*, a spiritual memoir, and *From the Crucible*, an exploration of the diversity of faith and addiction recovery in the lives of twenty women and men. She lives with her husband, Peter Wolfe, in the Houston area where she writes, teaches, leads retreats and offers spiritual direction to others on the journey of faith. ***

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
