

## The Bride of Amman

The Bride of Amman, a huge and controversial bestseller when first published in Arabic, takes a sharp-eyed look at the intersecting lives of four women and one gay man in Jordans historic capital, Amman—a city deeply imbued with its nations traditions and taboos. When Rana finds herself not only falling for a man of the wrong faith, but also getting into trouble with him, where can they go to escape? Can Hayats secret liaisons really suppress the memories of her abusive father? When Ali is pressured by societys homophobia into a fake heterosexual marriage, how long can he maintain the illusion? And when spinsterhood and divorce spell social catastrophe, is living a lie truly the best option for Leila? What must she do to avoid reaching her expiry date at the age thirty like her sister Salma, Jordans secret blogger and a self-confessed spinster with a plot up her sleeve to defy her citys prejudices? These five young lives come together and come apart in ways that are distinctly modern yet as unique and timeless as Amman itself.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a  
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the  
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,  
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in  
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to  
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which  
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer  
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of  
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for  
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to  
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before  
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
