

The Ledger

Throughout a grueling, extended tour in the jungles of Vietnam, Captain Dean Crosby lived for the adrenaline rush. A born loner, Crosby recorded each mission into a ledger, ranking missions based on the difficulty and the high he felt afterwards. The sum of his emotional life rested between the leather-covered pages of *The Ledger*. Taking the most high risk missions possible in his Cobra helicopter was Crosby's standard operating procedure, despite the risks to his life or the lives of his crew. After a dangerous mission goes wrong in the waning weeks of his tour, Crosby has to live with the consequences being grounded from his beloved skies for several weeks and the injuries to his closest friend and the one person with a true insight into his life, his copilot Tony Cueroni. With the help of Tony and his one-time OCS mentor, Dave Adams, Crosby is left to reinvent himself as he comes back to the states. With no more missions to fly, will he be able to heed the advice given to him by his father from his deathbed to make a difference in the world? What will Dean Crosby find as he opens himself up to a whole new world of challenges, emotions, and opportunities for entries into *The Ledger*?

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
