

The Encyclopedia of Trouble and Spaciousness

The incomparable Rebecca Solnit, author of more than a dozen acclaimed books of nonfiction, brings the same dazzling writing to the twenty-nine essays in *The Encyclopedia of Trouble and Spaciousness*. As the title suggests, the territory of Solnit's concerns is vast, and in her signature alchemical style she combines commentary on history, justice, war and peace, and explorations of place, art, and community, all while writing with the lyricism of a poet to achieve incandescence and wisdom. Gathered here are celebrated iconic essays along with little-known pieces that create a powerful survey of the world we live in. In its encyclopedic reach and its generous compassion, Solnit's collection charts a way through the thickets of our complex social and political worlds. Like the women who pioneered before her—Sontag, Didion, and Dillard—her essays are a beacon.

Breaking News Ongoing skepticism over the impact of brexit suggests that rental growth in prime central London Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
