

Star of the North (Preston Sisters)

The triumphant follow-up to *THE PRIDE OF LANCASHIRE*, continuing the story of the Preston family, by saga writer Anna Jacobs. Marjorie is the pretty one of the Preston sisters. So pretty that when a performer at her sisters music room breaks her leg, Marjorie is asked to fill in as the assistant to the singer Denby Sinclair. He offers to take her with him, away from Lancashire and into London theatres. It seems as if her dreams will come true, but Denby is not what he seems. He has a dangerous secret, which, if it were to be revealed, would ruin her. Marjorie, however, is reckless and will take any risk for a chance to work on the stage. And when disaster strikes, she is left alone and away from the North. Can she regain her hearts desire and find happiness again? Just as it seems she has overcome her troubles, another danger arises in Hedderby, one that threatens her and her family.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
