

The House on Round Hill Road

Deirdre Lincoln is a middle-aged nursery owner who has escaped the confines of her New England upbringing to make a new life for herself with her husband, Jeremy, in the Pacific Northwest. Her peaceful world is interrupted by an unexpected phone call from her older sister delivering the news of her mother's sudden death. Deirdre leaves behind her pre-season plant ordering to fly east and work with her sisters to plan the funeral and take care of family business—most importantly, selling the house they grew up in, a place rich with memories. It is the first time the four women have spent time together as adults, although they have kept in touch over the years. As Deirdre revisits her past, sorting through a host of recollections, she soon realizes that the house harbors a secret that could change her life forever. In a novel about family and secrets, one woman returns to her childhood home, connects with a long-forgotten past, and discovers a new truth about herself.

Breaking News Ongoing skepticism over the impact of Brexit suggests that rental growth in prime central London
Yorkshire unveils record low rate of 0.89% 7 hours ago [LONDON FLATS 0](#) Yorkshire Building Society has launched a 2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society, said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
