

Georg[i]e

Phoebe Gelbers life is pretty much planned out. Shes going to marry her long-term boyfriend Mark. They will have children together and live happily ever after. Until Mark unceremoniously shatters her dreams in a cubical of the womens toilets after a boozy night out. Life and sanity on the rocks, Phoebe is thrown into turmoil when she meets dishy George McCally. A whole new world opens up to her, one that will challenge both her own prejudices and those of the people around her. Is love ever enough to overcome a lifetime of conditioning? Orla, Phoebes best friend since childhood, doesnt seem to think so. Their longstanding friendship is in danger of collapsing under the strain of intolerance. Meanwhile, ex-boyfriend Mark turns up on her doorstep with a drug habit and a change of attitude. Phoebe sees a side of him she never knew before. The death of a mutual friend causes everyone to evaluate existing and new relationships. While some strengthen, others cease to exist. Ultimately, it is up to Phoebe to follow her heart and take a brave step towards an unconventional future.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: “We are very pleased to offer borrowers the lowest mortgage rate ever available. “The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
