

Fright Eater (Host Series Book 2)

It has been three years since Tracy Cohen went into combat against the undead in Jones Port, Arkansas. In that time, she has been asked to join an intelligence agency which deals with... well, extraordinary cases. In this capacity she has fought vampires on several different fronts. Her constant dealings with other-worldly situations has caused her to lose touch with the mundane, and the cost is her relationship with Jane Weston. Now the agency has called her across the country to battle the soulless in Wako City. A city torn apart by racism and hatred as a group of Neo Nazis prepare to march through a part of the city heavily populated by Holocaust survivors -- among them, Tracy's estranged family. But Nazis and vampires are only part of the problem, and Tracy finds herself up against her most powerful foe to date. Can Tracy deal with her past, secure the present, and ensure the future of the world? The demon within is more powerful than the demon without.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to
pass this on to borrowers." After the 2-year period the mortgage will revert to the lender's standard variable rate, which
is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: "It's fantastic to see such low rates on offer
from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of
borrowers. "Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for
some security could choose the fixed rate. "In such a low interest rate environment it would be ideal for borrowers to
consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before
entering any arrangement." The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
