

Twelve steps into slavery

This text belongs to a fiction about a slave movement in the BDSM community a realistic story, which might happen in the world we effectively know, without Utopian laws inverting moral consent, only with more BDSM people and a single billionaire investing to be a slave, not to buy slaves. In the unspecified present of this story there is a chronological point zero, the enslavement: when the billionaire and other seven friends become the first slaves of the system they have created for their own slave life, as property owned by the former loving slave, and then mistress of the billionaire, Lady Ebony but onto their well planned existence outbursts much drama, sentiment and personal story, through a mysterious young woman (a rich heiress, cursed by her heritage, and a classy child), who will have a decisive impact on the whole story, as Ebony's lover and the charismatic Great white slave, beloved by the whole community. This book does not however retell their story (to be written in the next volumes), but illustrates the philosophy of their peculiar flavour of slavery (a voluntary, long term sexual slavery, compatible with life in vanilla world, but implying strict adherence to an accepted norm in its personalized form) as the internal manual, introducing to their lifestyle, strongly oriented on the needs of their submissives, and suggesting thousand realistic ways to fulfil their most perverted dreams within a possible utopia so possible to be appear through this page, in every kink detail, in each submissive dream, as real as our normal vanilla world.

Yorkshire unveils record low rate of 0.89% 7 hours ago LONDON FLATS 0 Yorkshire Building Society has launched a
2-year discount rate mortgage at 0.89% up to 65% loan-to-value. The product comes with a £1,495 fee, though the
society also offers a £995 fee option at 1.05%. James Farrow, senior mortgage manager at Yorkshire Building Society,
said: "We are very pleased to offer borrowers the lowest mortgage rate ever available. "The cost of funding has fallen in
recent weeks and as a financially strong building society with no external shareholders to satisfy we have the ability to

pass this on to borrowers.” After the 2-year period the mortgage will revert to the lender’s standard variable rate, which is currently 4.74%. Rachel Springall, finance expert at Moneyfacts, said: “It’s fantastic to see such low rates on offer from Yorkshire Building Society and the choice between variable or fixed deal will appeal to different types of borrowers. “Those looking for more flexibility over the shorter term may prefer a discounted deal, but those looking for some security could choose the fixed rate. “In such a low interest rate environment it would be ideal for borrowers to consider overpaying their mortgage. As with any option borrowers would be wise to weigh up the entire package before entering any arrangement.” The post Yorkshire unveils record low rate of 0.89% appeared first on Mortgage Introducer.
